

Dear Friends,

My mind roamed back to our past and I was delighted when I received the invitation for our gathering of past SLBC friends. I had the opportunity to participate to this event two years ago and it was unforgettable. I met most of the friends in service, retired and resigned in this occasion under lovely parting atmosphere. Organizes had not even forgotten to bring our very elderly and disable members to the event. What a wonderful way of thinking!!

So, my dear friends, we all are scattered all over the world, but started our journey from that tiny little place called SLBC. Here is the opportunity flock back into our lovely place again. Those who are living in overseas don't miss out this occasion if you have a plan to visit Sri Lanka in this time of the year. I can guarantee this will be the most memorable event in your holiday.

I can say proudly, most of our friends are in better off positions and having a fantastic life either in Sri Lanka or abroad. But I have to say unwillingly, we came to know few of our colleagues and their families are bit of struggling in their life due to their serious health issues or some other reasons. As organisers say in their invitation, we should not forget them at this moment. This is the time we need to do something for them as well. I don't think anybody receiving this email, disagree with the idea of giving them a bit of relief at this juncture. Weather you participate or not your little generosity can be a big support to them.

According to my understanding this yearly organized event is totally membership free and some of our dedicated friends working hard voluntarily to make this successful. I have no doubt everybody receiving this email will come forward to give them a hand. Donations, sponsorships or any kind of supports will be very much helpful to achieve their targets and carryover this wonderful event to future years.

Please feel free to contact me for ideas and suggestions on gmjyantha@hotmail.com or welcome to joint the facebook SLBC engineering and write on the wall.

Thanks
